- The A.P.Y.'s shown assume that all principal and interest remain on deposit for the entire term. Withdrawals will reduce earnings. We use the daily balance method to calculate the interest on your account. The method applies a daily periodic rate to the principal in the account each day. Interest begins to accrue on the business day you deposit noncash items (ie. checks)
  - The above listed Investment Certificates are also available for IRA Investments at the same competitive rates. (Direct Transfer Fee of \$20.00 applies to IRA transfers out of Clinton National Bank.)
  - Certificates will automatically renew after a 10-day grace period, unless otherwise noted.
  - A penalty for early withdrawal may be imposed. The penalty will equal 1/2 the amount of interest that would be paid if the CD were held until maturity.
  - Certificates in excess of \$95,000 may be priced individually.
  - Interest paid by transfer to any account at Clinton National Bank. (interest checks available by request only)
